**The AlphaSmart 3000**  
Is a simple, affordable and portable computer companion that allows you to enter and edit text, then send it to any computer for formatting or directly to a printer.

#### **Ease of Transfer**

A one touch key for sending to a computer (for formatting) and one touch key to print directly to a wide range of printers.

#### **New USB Port**

This durable child-proof port is compatible with both Macs and PCs for easy connection.

#### **New Applets Button**

Specially designed software for the AlphaSmart (SmartApplets) have been created to extend functionality. These include the Kaz Typing Tutor, CoWriter Word Prediction software and Inspiration Creative Outliner.

#### **Two-Way Transfer**

Using optional Get Utility software, download any text (such as homework assignments, tests or emails) from your Mac or PC to the AlphaSmart.

#### **New Editing Features**

Cut/Copy/Paste within and between files.

#### **Lightweight, Rugged, Ergonomic Design**

The AlphaSmart 3000 features a new translucent design in a shape that's easy to carry. Weighing one kilo and virtually indestructible, it's an indispensable tool in and out of the classroom or whenever you need to take notes while on the go.

#### **More Memory**

The AlphaSmart 3000 holds approximately 100 pages of single spaced text in eight files. It saves your data – and your place in the text – even when you turn off the keyboard. You never have to worry about losing a file.

#### **Other Features**

Improved, faster spell-checker, password protection, foreign language support and keyword search are all included. As well as features for special needs: sticky keys, key repeat control and slow key setup.

#### **Double the Battery Life**

The AlphaSmart 3000 will run for over 700 hours on just 3 AA batteries. And to preserve battery life it also features an Auto Power off function.

#### **New Serial Port**

This standard port allows you to print directly to most printers.

#### **SmartOption Cart**

This cart allows storage and the transfer of tests and information to and from a computer to up to 30 AlphaSmarts via a USB hub.

#### **Size and Weight:**

- Height: 4.8cm
- Width: 31.4cm
- Length: 23.5cm
- Weight: 0.91kg

#### **Reliability**

- Durable
- Guaranteed for 3 years
- Technical Support
- Over 8 years of success
