

# Using CRS with Accelerated Maths

Go to your hosted website for Renaissance Place

Log in as Teacher/Administrator

Use your normal User Name and Password

A screenshot of the Renaissance Place login page for Teachers/Administrators. The page has a dark header with the Renaissance Place logo. Below the header, there is a section titled 'Teachers/Administrators' with the instruction 'Enter user name and password'. There are two input fields: 'User Name' and 'Password'. Below the input fields, there is a 'Log In' button and a 'Change Password' link. At the bottom of the page, there is contact information: 'Technical support: support@renlearn.co.uk' and 'Corporate web site: www.renlearn.co.uk'.

In Renaissance Place select Product Administration

Install	Client Application
Install	AccelScan 1.42 for Windows
Install	Renaissance Responder 1.0 For Windows

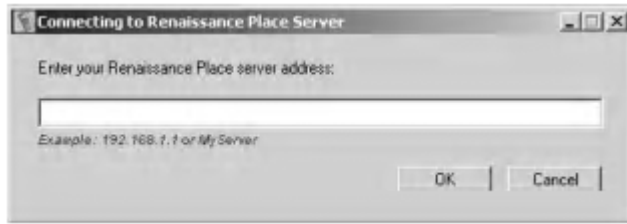

STAR Early Literacy	
Install	Client Application
Install	Adobe Reader for Windows
Install	Macromedia Flash Player for Windows

In Download Client Installers go to Marking Software and select Install - Renaissance Responder 1.0 For Windows.

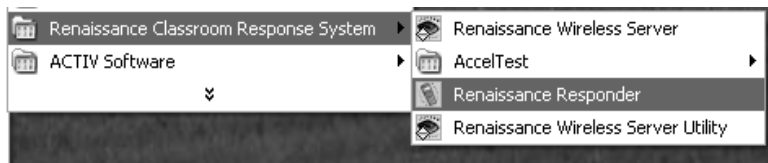

1. Follow the installation instructions. When the software has been installed you can open Renaissance Responder from 'Programs'
2. Close any programs you have open on your computer.
1. Double-click the ResponderInstaller1.0Win.msi file that you just downloaded.
3. When the Renaissance Responder Set-Up Wizard appears, click Next. When the system asks you which folder to store the software in, click Next to accept the suggested destination, or click Browse to select a different folder before you click Next.

4. Click **Next** again to confirm installation.
5. Click **Close** when the installation is complete.
6. To start the program, click **Start** on your Windows task bar and choose Programs, Renaissance Classroom Response System and Renaissance Responder in the Start menu.

7. Enter the name of your Accelerated Maths server or the IP address you wrote down when you downloaded the program.

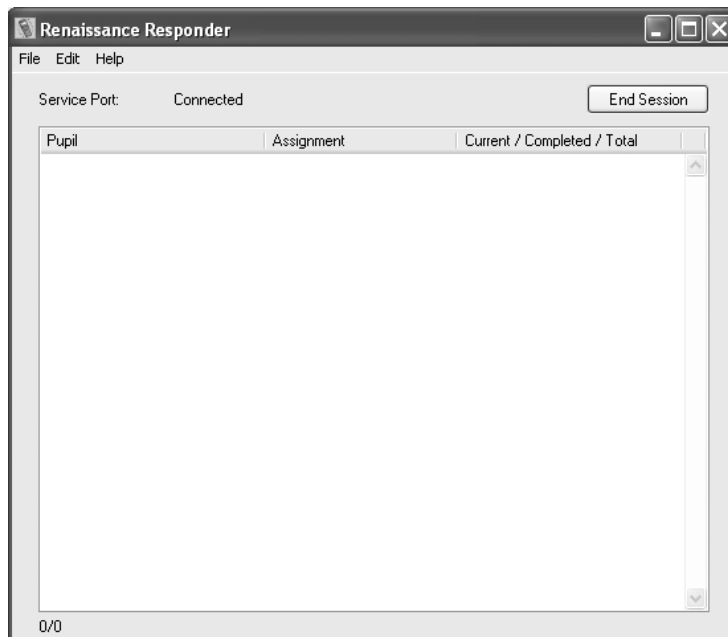

8. Click to open the program.

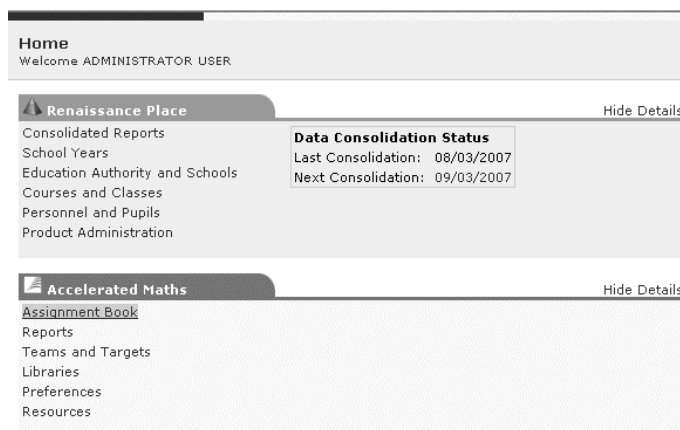

9. Use 'admin' as User name and 'admin1' as Password.

10. You should see this –

11. Connect the Renaissance Receiver to your PC you should find that the small light on the front of the receiver turns green. Have a Responder unit to hand.

12. Re-open Renaissance Place and go to the Assignment Book in Accelerated Maths.
13. From here select an assignment to print. As ever make a note of the form number, you will need this soon.
14. Turn on the CRS unit by holding down the on/off button for one or two seconds. You will see a menu selection appear on the screen. By default '**Join Session**' is highlighted press '**SELECT**'.

15. The unit will search for a Receiver, select the one named on the screen.
- 16.** You will then be asked to enter a form number. Enter this number onto your unit and press **ENTER**. The screen will then welcome the user by name and you will be given instructions to work through the form, selecting responses to each question as you progress. Select **A, B, C,** or **D** and press **ENTER**.
17. By using the scroll buttons users can move through the questions. They can leave a question and return to it later if they want. The unit will not send the answers through until the user is ready to send.
